...making college admission possible.

Photo by Laura Golubeva

- 3,600 low-income youth

- 98% college admission

- 80% college

persistence/  
graduation

...ending the cycle of poverty forever.

# Admission Possible

...creating critical social change.

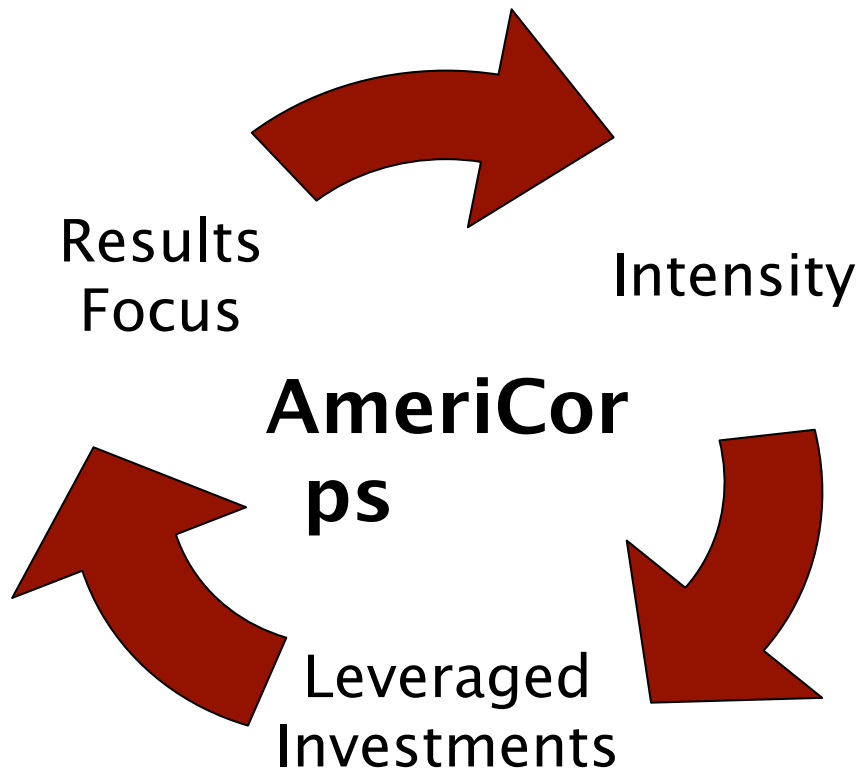

- Closing the socioeconomic achievement gap
- Creating diversity in higher education
- Competing in a global economy  
...ending the cycle of poverty forever.

# Admission Possible

...an innovative model with unprecedented results.

## Resulting in:

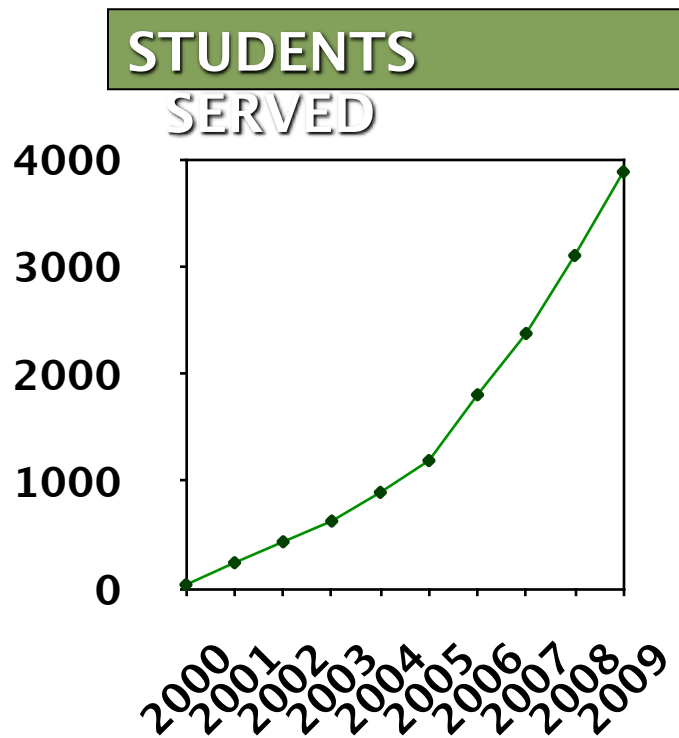

- \$1,500 cost per student
- \$1 million earnings
- ~~growth~~ 900% return to society

...ending the cycle of poverty forever.

# Admission Possible

...a scalable model poised for future growth.

- **P**roven: Successful replication
- **P**repared: Structure and Staffing
- **P**otential: Ready to 'Serve America'

...ending the cycle of poverty forever.

# Admission Possible

...ending the cycle of poverty forever.

“ Admission Possible has opened doors that I would have never seen myself walking through. Most of my family never went to college.

I want my children and their kids to attend college, and break away from that way of life. There is a better life out there and they can have it.

– Michael, Admission Possible

Senior
